<b>Duty Station:</b>	Kabul - With Possible Domestic Field Missions within the Country
<b>Sub – Station:</b>	Nil

#### **DUTIES / RESPONSIBILITIES:**

##### **Organization Settings:**

Through its Country Offices, or FAO Representations, FAO assists governments to develop policies, Programmes and projects to address hunger, food security and malnutrition, and provides technical support for the sustainable development of their agricultural, livestock, animal health, and irrigation and forestry sectors as well as emergency preparedness and response. The activities of the FAO Representation include design and implementation of country-tailored field Programmes, liaison with local donor representatives and active public awareness raising and outreach activities related to the mandate of FAO.

FAO assistance in Afghanistan achieves its objectives through capacity development and direct project implementation in four specific areas of FAO's technical expertise:

- Better governance through improved capacity for policy planning, land reform, decentralization, and management of common natural resources;
- Fostering expansion of irrigation and field water management;
- Intensive agriculture for surplus commercialization, value chains development, and job creation;
- Supporting vulnerable farmers for improved food and nutrition security, resilience, and emergency response to natural and man-made disasters and climate change.

The subject position is located in FAO project in Kabul – Afghanistan, with possible travels to project targeted provinces.

##### **Project Background:**

The main executing agency of the project is the General Extension Directorate of the Ministry of Agriculture, Irrigation and Livestock (MAIL) with direct support from the Provincial/District Agriculture, Irrigation and Livestock (PAILs/DAIL). FAO will be the main project technical partner, providing technical supervision, coordination, and implementation support. Other partner institutions include universities (providing training of trainer support), the Ministry of Education (providing adult literacy Education) and traders (market linkages support).

**Technical Focus:**

The main objective of the project, “Technical Assistance to Sustainable Agriculture and Rural Development” is to improve agricultural production and productivity of smallholder farmers and small agro-producers in four Districts of Herat Province through the provision of agriculture services and input adopting an Extension system and mechanism.

**Key Results:**

The project activities are implemented successfully, timely and effectively in conformity with the objectives of the project. The incumbent is responsible to conduct extensive coordination with MAIL and other stakeholders.

**Main Purpose:**

The National Consultant - Liaison Officer will work as a part of the HFSL project (UTF/AFG/083/AFG). The main purpose of this post is to enhance and strengthen coordination among HFLS projects and other stakeholders.

**Supervision Received/Exercised:**

The National Consultant - Liaison Officer will work under the overall supervision of the FAO Representative/Country Director in Afghanistan and direct supervision of the National Project Manager, and in close collaboration with the relevant staff in FAO Afghanistan and counterpart in particular with the General Directorate of Extension, the Liaison Officer will fulfill the following tasks under Household Food and Livelihood Security (HFLS) projects to ensure successful implementation of project:

**Duties and Responsibilities:**

- Facilitate the smooth liaison between Household Food and Livelihood Security Projects (HFLS), Ministry of Agriculture, Irrigation and Livestock and other government, international and private sector stakeholders by maintaining regular contact and networking in order to promote smooth implementation of HFLS projects’ activities;
- Assist Project team in order to organize and facilitate FAO related meetings with the MAIL and its relevant departments;
- Assist Project team to follow up HFLS projects documents, letters and queries from MAIL;
- Assist Project team to fix appointments with MAIL and take necessary actions to facilitate meetings;
- Assist National Project Manager of HFLS projects in developing correspondence and follow up with MAIL and its relevant departments;
- On the instruction from the Project Manager, relay instructions and messages to the Contractor in a prompt manner;
- Manage and organize HFLS project’s steering committee in due time with strict follow – up of the decisions taken;
- Act as a Focal Point for information sharing between HFLS projects and other similar projects at MAIL level, with special emphasis on communicating project results and lessons learned;
- Act as a focal point and manage liaison with relevant stakeholders on new HFLS development projects such as Luxembourg Phase IV, Global Agriculture and Food Security Program (GASFP);

**Other Activities:**

- Perform other related duties as may be required by the NPM.

**Expected Outputs:**

- Strengthen the coordination among HFLS projects and other stakeholders
- Support and facilitate community meetings.

**MINIMUM REQUIREMENTS (TECHNICAL SKILLS AND QUALIFICATION)****Education:**

- University degree in agriculture, economics, communications, food security, horticulture or closely related field.

**Work Experience:**

- At least 03 (three) years of progressively responsible project support services, coordination and communication, reporting and experience in conducting official meetings and workshops;
- Basic knowledge of agriculture development, food and livelihood security, and project management, and understanding of political, institutional capacity and socio-economic contexts;
- Experience working with national and international organizations that are operating in the field of Agriculture development in Afghanistan is a significant advantage.
- Previous work experience with UN would be an advantage.

**Other Technical/Functional Skills:**

- Good knowledge and understanding of MAIL programmes and administrative/management procedures;
- Strong demonstrated experience in arranging meetings, coordinating activities and exchanging correspondences;
- Demonstrated experience in working independently, and as a constructive member of a team;
- Ability or willingness to travel extensively in remote or inaccessible areas to conduct meeting and awareness raising;
- Having necessary motivation to work as a team through creating a supportive environment;
- Knowledge of common UN administrative and financial rules and regulations;
- Ability to organize work systematically, set priorities and meet deadlines;
- Ability to structure and convey information in an appropriate format and timely, ensuring accuracy and consistency;
- Good writing skills in English.

**IT Skills:**

- Strong professional command of Microsoft Office, particular in Word, Excel and PowerPoint.

**Language Skills:**

- Good knowledge of English and local languages, both spoken and written skills.

**QUALIFICATION (DESIRABLE)**

- **Core competencies:** FAO core competencies include: Understanding FAO's mandate and its global context; planning, organizing, and delivering quality results; communicating to build understanding and support; working together in teams and partnerships; engaging in continuous learning.
- **Operational Effectiveness:** Working independently, structuring tasks, establishing priorities and adhering to deadlines. Show a high degree of accuracy and attention to detail. Contribute ideas and suggestions for process improvement.
- **Client Orientation:** Focus on results for the client. Attend to inquiries from internal and external clients in an effective, timely and courteous manner. Treat clients with courtesy and respect even when working under pressure. Express a high level of professionalism.
- **Interpersonal Communications and Teamwork:** Work effectively and efficiently with staff at all levels, listen to others and openly share own ideas. Express sensitivity, cultural empathy and respect for diversity. Productively handle differing views and opinions and strive for achievement of shared goals. Respond positively to feedback.
- **Knowledge Exchange and Learning:** Share own knowledge and promote a learning culture within the work environment. Actively work towards professional development, including personal learning. Apply newly acquired skills and support flexibility within the work environment.
